

Academic Year Overview 2023/2024

Department: Department of Supply Chain and Operations Management  
 Programme: **Supply Chain Operations Management (master) 120 hp**  
 Campus: **Jönköping**  
 Language: **English**

**Year 1 (Start Autumn 2023) Programme code: TASC1**

Semester 1 (2023-08-21—2024-01-14)														Semester 2 (2024-01-15---2024-06-02)																										
34	35	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52	01	02	03	04	05	06	07	08	09	10	11	12	13	14	15	16	17	18	19	20	21	22
Research Methodology in Product Realisation, 7,5 credits							Designing Supply Chain Operations, 7,5 credits							Deliver: Strategy, Planning and Operations, 7,5 credits							Developing Sustainable Supply Chain Operations, 7,5 credits																			
Introduction to Supply Chain Operations Management, 7,5 credits							Operations Strategy and Innovation, 7,5 credits							Leading Sustainable Operations, 7,5 credits							Leading Advanced Technical systems, 7,5 credits																			

**Year 2 (Start Autumn 2022) Programme code: TASC1**

Semester 3 (2023-08-21—2024-01-14)														Semester 4 (2024-01-15---2024-06-02)																										
34	35	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52	01	02	03	04	05	06	07	08	09	10	11	12	13	14	15	16	17	18	19	20	21	22
Elective courses 30 credits														Final Project Work in Production Systems, 30 credits																										
Track 1: Lean and Six Sigma for Sustainable Operations, 15 credits																																								
Track 2: Research Track: Industrial Placement in Supply Chain Operations Management, 7,5 credits							Track 2: Research Track: In-depth Project Work in Supply Chain Operations Management, 7,5 credits																																	
Track 3: Entrepreneurship for Operations Managers, 15 credits (Co-reading with JIBS-course)																																								
Track 4: Integrated product Realizations, 7,5 credits							Track 4: Automation and Production Technology, 7,5 credits																																	
							Track 4: Integrated product and Production Development, 7,5 credits																																	
Track 5: Project course, 15 credits																																								
Mathematics for Intelligent Systems 7,5 credits							Track 5: Intercultural and International Communication, 7,5 credit																																	
							Track 5: Transportation and Warehousing, 7,5 credits
