

Academic Year Overview 2023/2024

Department: **Construction Engineering and Lighting Science**
 Programme: **Sustainable Building Information Management (master) 120 hp**
 Campus: **Jönköping**
 Language: **English**

Year 1 (Start Autumn 2023) Programme code: TASB2

Semester 1 (2023-08-21—2024-01-14)														Semester 2 (2024-01-15---2024-06-02)																										
34	35	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52	01	02	03	04	05	06	07	08	09	10	11	12	13	14	15	16	17	18	19	20	21	22
<i>Analyses, Simulations and Assessment systems, 7,5 credits</i>										<i>BIM - Requirements and Specifications, 7,5 credits</i>										<i>BIM - Management. Control and Evaluation, 7,5 credits</i>																				
<i>Scientific Introduction to BIM and Sustainability, 7,5 credits</i>										<i>Introduction to Script Programming, 7,5 credits</i>										<i>Implementation of Digital Technologies and the Construction Industry, 7,5 credits</i>																				
																				<i>Product and Production Platforms, 7,5 credits</i>							<i>Parametric Design, 7,5 credits</i>													

Year 2 (Start Autumn 2022) Programme code: TASB2

Semester 3 (2023-08-21—2024-01-14)														Semester 4 (2024-01-15---2024-06-02)																										
34	35	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52	01	02	03	04	05	06	07	08	09	10	11	12	13	14	15	16	17	18	19	20	21	22
Valbara kurser: <i>Change Management, 7,5 credits</i> <i>Multivariable Calculus, 7,5 credits</i>										<i>Advanced Building Information Delivery, 7,5 credits</i>										<i>Final Project Work in Built Environment, 30 credits</i>																				
<i>Industrial Placement Course in Built Environment, 15 credits</i>										<i>Research Methods for the Built Environment, 7,5 credits</i>																														
<i>Artificial Intelligence, 7,5 credits</i>
